# Trade4MSMEs Website

The gateway to MSME trade information

Trade4MSMEs is an online web platform that provides trade-related information for micro-, small- and medium-sized enterprises (MSMEs) and for trade policy-makers.

It includes guides for small businesses on how to get started with trade and information on important topics for trade officials to consider in MSME policy.

Visitors to the site can also access searchable resource libraries with links to an array of relevant trade information.
